The Latest Dispatch From Ladysmith is Dated November 9.

Boers Suffered a Severe Defeat--British Reported to Be Holding Out Well--No Danger of European Intervention--

A Boers Defeat.
By Associated Press to the Journal.
LONDON, Nov. 13.--A dispatch from Durban dated Thursday says: "Native runners report that Boers suffered a severe defeat at Ladysmith this morning. The Boers were silenced after four hours of fighting during which the losses were heavy."

Intervention Unlikely.
BERLIN, Nov. 13.--The Vossische Zeitung, discussing the probability of intervention by a European power during the hostilities in South Africa says: "However much Great Britain's position in Africa may be imperiled, it is quite unlikely that Russia will make any anti-British move. Great Britain can rely upon American and Japanese support in the event of any difficulties with Russia in China."

Boer Defeat Discounted.
LONDON, Nov. 13.--A Drakensburg dispatch, reporting severe defeat of Boers at Ladysmith Thursday, must be received with caution. It appears however to be certain that heavy fighting occurred. A belated dispatch from Ladysmith Nov. 7, confirms the idea that the temporary cessation of the Boer bombardment is due to Joubert's waiting the arrival of other guns.

BRITISH STRONGHOLDS ARE BEING ATTACKED BY THE BOERS WITH REINFORCED ZEAL.

LONDON, Nov. 13.--The simultaneous attacks on Ladysmith, Mafeking and Kimberley which opened Thursday manifest a recognition by the Boers of the fact that every day lessens their chances of a successful onslaught on any of the British strongholds. Joubert's chance of reaching Pietermaritzburg can be said to have vanished. This is reported to be admitted by Col. Schiel, a German officer, commanding the Boer artillery.

British Holding Out.

LONDON, Nov. 13.--4:30 There are signs of greatly increased activity in Natal and along the western frontier. All the dispatches tend to show that the British are holding out ably. Colonel Baden-Powell reports that all was well at Mafeking on November 6. Ladysmith's latest date is November 4, while nothing adverse is heard from the latter point, and confidence is felt in General Buller's ability; previous experience having shown that the Boer artillery is not very effective.

For Defendants.
Justice of the Peace Johnson today handed down his decision in the hay replevin cases which haltingly dragged their weary length through his court last week, giving a verdict for defendant in each case.

Time and Victory.
If reinforcements arrive promptly the town may be saved--time is all important, this is why when you are driving on business you need a first-class team as can be had from the old post-office stables. GILLIAM & BROS., 11-15 ood

The Bird of Freedom.

Jack Patton, of Macleay, shot a large grey eagle Sunday. The bird was sitting in a tree on his farm, but flew as Mr. Patton came near. At a distance of fully 200 feet one buckshot broke one wing which let him down to the ground. Mr. Patton tried to take the eagle alive but was unable as it showed fight. The bird is on exhibition at Steiner's fish market. A pair of these eagles has been near Macleay since last February and has carried away several hundred dollars worth of lambs and pigs from the farmers near the place. The wings of bird stretch 7 feet.

Yoder and the respective principals were present, and gave their views and some information on the subject.

NOW RUSSIA AND JAPAN

Said to Be at Odds Over a Harbor--Will the Whole World Go to War?

By Associated Press to the Journal.

LONDON, Nov. 13.--A dispatch from Shanghai says the differences between Russia and Japan are accentuated by Japan's refusal to grant Russia a foothold on Massampo harbor, Korea.

By Associated Press to the Journal.

LONDON, Nov. 13.--The Shanghai correspondent of the Daily Mail says: "An uneasy feeling regarding the relations of Russia and Japan is spreading here. There is no doubt that Japan is practically allied with China, despite the degradation which the empress dowager inflicted upon the Chinese envoys to Japan on their recent return. This was merely a tactical move, with a view of appeasing Russia."

A large Russian fleet intends wintering in Nagasaki harbor, and some reasonableness by Japan is probable. Prince Henry, of Prussia, the commander of the German squadron in the North Pacific, is watching the progress of events.

He recently declared, in the course of a conversation, that the Japanese army was in splendid condition from the European point of view.

The Daily Mail says:

"We understand there is considerable censorship on cable messages from Japan."

PROGRESS IN LUZON.

General Aguinaldo and His Army are Reported Surrounded

By an Associated Press Correspondent--He Did Not Escape to the Northwest as Reported--The Insurgent Cause in Desperate Straits--Filipinos Deeply Afraid of Americans--Sixty Thousand Troops are on the Way--Filipino Forces are Disheartened and Demoralized.

By Associated Press to the Journal.
MANILA, Nov. 13.--General Young is supposed to have reached San Nicolas, but his wagons are far behind.

Col. Hayes has captured Aguinaldo's secretary. Major Coleman is in Carrangian with an escort of 125 soldiers on his way to the province of Nueva Vizcaya.

A correspondent of the Associated Press, with Young, telegraphs from San Jose that Aguinaldo did not escape to the Northwest. He and his army, the correspondent adds, are surrounded. He last order to the Filipino commander at San Jose was to hold San Jose and Carrangian at all costs. Recent encounters are too one-sided to be called fights. The insurgents are mortally afraid of the Americans, however strong their positions.

MANILA, Nov. 13.--The moral effect of the news that 60,000 troops are on the way here has been unquestionably great. Lawton intercepted a telegram from the insurgent captain of the Filipino general. "How can you blame me for retreating when only twelve of my company are able to fight."
